|--------------|--------------------|-------------|--------------------|
| Course Name: | Perfecting Pastels | Start Date: | Monday 7 September |
| Tutor Name:  | Ronan Smyth        | Time:       | 8:00 – 10.00pm     |

Below is an extensive list of recommended items, feel free to choose according to your own budget. It is worth noting that better prices may be found on alternative websites or even in high-street retailers and craft stores (I've listed some below).

Please don't feel the need to spend a lot of money on materials, there is no need to purchase large sets or every type of paper. If unsure purchase a small set (12 or so) of quality pastels.

The list below contains items I personally use, however if you have your own or you have found alternatives that you wish to try, bring them along.

To maximise learning and experimentation, I would encourage participants to have both soft and oil pastels. I have \* items that may help those who are total newcomers to pastels (this include appropriate papers).

#### Highstreet Retailers

- The Range
- Bradbury Art
- Hobby Craft
- Home Bargains
- B&M

| Description  | Item                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
